

Permian Basin

Power Plant

Basic Facts

Fuel source: Natural gas

Operating capacity: 980 MW

Units and type: 2 steam units;
5 combustion turbines

Year began operation:

Unit 5–1959; Unit 6–1973;
CTs–1988

Location: Ward County

Economic Impact

Luminant and its gas-fueled power plant employees are proud to be a major contributor to the communities in which our employees work and live.

In 2009, Luminant paid nearly \$3 million in tax contributions to the counties and school districts surrounding its gas plants.

Community Benefit

We take pride in being good neighbors through volunteerism and economic contributions.

Luminant has a rich history in community leadership through employee outreach and financial support of worthwhile projects and community organizations. A few of these deserving groups include:

- American Cancer Society's Relay for Life
- Carter BloodCare blood drive and fundraiser
- Community school supply drives
- Independent school districts across Texas

Permian Basin Power Plant is a long-time supporter and participant in the Texas AgriLife's State Youth Water Camp.

Awards and Recognition

Throughout the years, Luminant's gas facilities have been recognized as community and corporate leaders by a variety of regulatory, conservation, municipal and other organizations. A few of these awards and milestones include:

- Environmental Protection Agency's 2008 NPEP Achievement Award
- A combined 250 years with no lost-time injuries
- A combined 24 years of no OSHA-recordable injuries
- A combined 93 years of no DART injuries

Permian Basin Power Plant proudly maintains a safety record of 11 years without a lost-time injury, three years without an OSHA-recordable injury and four years with no DART injuries.
