

Stryker Creek

Power Plant

Basic Facts

Fuel source: Natural gas

Operating capacity: 685 MW

Units and type: 2 steam units

Year began operation:

Unit 1–1958; Unit 2–1965

Location: Cherokee County

Economic Impact

Luminant and its gas-fueled power plant employees are proud to be a major contributor to the communities in which our employees work and live.

In 2010, Luminant paid more than \$2.5 million in tax contributions to the counties and school districts surrounding its gas plants.

Community Benefit

We take pride in being good neighbors through volunteerism and economic contributions.

Luminant has a rich history in community leadership through employee outreach and financial support of worthwhile projects and community organizations. A few of these deserving groups include:

- American Cancer Society's Relay for Life
- Carter BloodCare blood drive and fundraiser
- Community school supply drives
- Independent school districts across Texas

Awards and Recognition

Throughout the years, Luminant's gas facilities have been recognized as community and corporate leaders by a variety of regulatory, conservation, municipal and other organizations. A few of these awards and milestones include:

- Environmental Protection Agency's 2008 NPEP Achievement Award
- A combined 189 years with no lost-time injuries
- A combined 28 years of no OSHA-recordable injuries
- A combined 74 years of no DART injuries

Stryker Creek Power Plant proudly maintains a **safety record of 35 years without a lost-time injury and 11 years with no DART injuries.**
