Power Plant and Mine

Economic Impact

*Oak Grove Power Plant and Kosse Mine are proud to be an integral part of the communities in which our employees work and live.*

In 2015, Luminant paid *tens of millions of dollars statewide in property taxes.* The company is the *largest taxpayer by a wide margin in virtually all the communities where it operates plants,* including Oak Grove.

Community Benefit

*We take pride in being a good neighbor through community contributions and volunteerism.*

The plant and mines give *tens of thousands of dollars to worthwhile projects and community organizations,* such as the Robertson County Boys and Girls Club and area chambers of commerce.

Employees at Oak Grove also give back to their communities through volunteerism, supporting the Robertson County Science Fair and Franklin ISD mentoring programs, among others.

Awards and Recognition

*Throughout the years, Oak Grove has been recognized as a community and corporate leader. A few significant awards include:*

- Interstate Mining Compact Commission’s National Mine Reclamation Award 2014 (Luminant)
- Railroad Commission of Texas’ Coal Mining Reclamation Award 2014 (Luminant)
- Employee Recipients of the Brazos Valley Regional Advisory Council Lifesaving Award 2011

Environmental Responsibility

*Luminant is proud of its strong track record of meeting or outperforming all environmental laws, rules and regulations. Luminant has also made substantial investments in new environmental controls and research to create cleaner power production. Oak Grove has the following environmental control equipment:*

- Scrubbers designed primarily to reduce SO₂ emissions
- Selective catalytic reduction systems designed to reduce NOₓ emissions
- Low NOₓ burners and over fire air to reduce NOₓ emissions
- Fabric filter systems designed primarily to reduce particulate matter emissions
- Sorbent injection systems designed to reduce mercury emissions

Basic Facts

*Fuel source: Lignite*

*Operating capacity and homes powered:*
1,600 MW — enough to power about 800,000 homes in normal conditions and about 320,000 homes in periods of peak demand

*Year began operation:*
Unit 1–2010; Unit 2–2010

*Location:*
Robertson County, Limestone County

*Supporting mine:*
Kosse

*Dallas*  •  *Temple*  •  *Waco*  •  *Oak Grove*
