

May 8, 2019

In accordance with 40 CFR § 257.95(g)(5), if an assessment of corrective measures is required by either 40 CFR §§ 257.95(g)(3)(i) or (g)(4), the owner or operator of an existing unlined coal combustion residuals (CCR) surface impoundment must prepare a notification stating that an assessment of corrective measures has been initiated. The notification must be placed in the facility's operating record within 30 days of initiating the assessment of corrective measures. *See* 40 CFR § 257.105(h)(9).

Miami Fort Basin A is an existing unlined CCR surface impoundment that did not make a successful alternate source demonstration pursuant to 40 CFR § 257.95(g)(3)(ii). Accordingly, pursuant to § 257.95(g)(4), an assessment of corrective measures required under 40 CFR § 257.96 has been initiated for Miami Fort Basin A.
