February 6, 2019

In accordance with 40 CFR § 257.95(g), the owner or operator of a coal combustion residuals (CCR) unit must prepare a notification that identifies constituents listed in Appendix IV of 40 CFR Part 257 that have exceeded groundwater protection standards established under 40 CFR § 257.95(h). The notification must be placed in the facility's operating record within 30 days of detection (40 CFR § 257.105(h)(8)).

The following Appendix IV constituent was detected at statistically significant levels above the applicable groundwater protection standard established pursuant to 40 CFR § 257.95(h) during assessment monitoring at Miami Fort Basin B:

- Arsenic

Miami Fort
