Re: Demonstration for Extension to Closure Timeframe
Pursuant to 35 IAC 845.760(b) and 40 CFR 257.102(f)(2)
Illinois Power Generating Company Coffeen Power Plant Ash Pond 1
BOL Site ID 1358030005; BOW Unit ID W1350150004-01
BOL Permit Log No. 2021-474

Pursuant to 35 I.A.C. § 845.760(b) and 40 CFR 257.102(f)(2) Illinois Power Generating Company is providing this demonstration to extend the time necessary to close the Ash Pond 1 at the Coffeen Power Plant because "it was not feasible to complete closure of the CCR unit within the required timeframes due to factors beyond the facility's control."

This submittal serves as an amendment to the previously submitted closure plan to indicate that the timeframe to complete closure has been revised to prior to April 2028.

Illinois Power Generating Company submitted an initial closure construction permit application for the Ash Pond 1 on July 28, 2022. Approximately 39 months have passed and permits required to begin closure construction have not been issued by IEPA. Illinois Part 845 and the federal CCR rule provide that the "[t]ime required or delays caused by the need to coordinate with and obtain necessary approvals and permits from" the state agency can be considered in justifying the need for an extension of the closure deadline. Based on the delay in receiving the closure permit from IEPA and the schedule of closure activities included in the closure plan, it will not be feasible to complete closure of the Ash Pond 1 by the date specified in the closure plan. Therefore, this demonstration justifies an extension of the timeframe for closure by two years.

A courtesy electronic copy of this submittal has been provided to epa.ccr.part845.coordinator@illinois.gov.

If you have any questions, please contact Rhys Fuller at (618) 975-1799 or Rhys.Fuller@vistracorp.com.

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this demonstration and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
